

Easter Getaway

Experience Retreat East at the height of Spring and enjoy an unforgettable package aimed at getting you back in touch with nature and the power of 'growing your own'. Enjoy the Spring vegetables and herbs grown in our garden, hear a talk from our gardener Pete Wrapson and learn how to implement techniques into your everyday life. Not only will you benefit from a beautiful barn to spend a few days with loved ones, but you will also benefit from outstanding dishes created on-site by head chef Tommy Greening.
